COLLEGE OF THE HOLY CROSS,

WORCESTER, MASS.

THIS COLLEGE was founded in the year 1843, by the RT. REV. BENEDICT JOSEPH FENWICK, Bishop of Boston, and was given by him to the Fathers of the Society of Jesus. In 1865 it was incorporated by the Legislature of the State, with power and authority "to confer such degrees as are conferred by any College in this Commonwealth, except medical degrees."

It stands on the heights of Worcester, from which a charming view is had of the city and surrounding country. The location is remarkably healthy, and the buildings large and convenient.

The object of the institution is to prepare youth for a *Professional* or for a *Commercial* state of life.

COURSE OF STUDIES.

THE Course of Studies in this College embraces, in its whole extent, a period of seven years, of which three are given to the Preparatory and Junior classes, and the remaining four to the Senior. The last of these years is devoted exclusively to the study of Rational Philosophy and Natural Sciences. Each scholar, however, on entering the College, will be assigned to that particular class for which it may appear, after an examination by the Prefect of Studies, that he is fitted. Thence he will pass by regular gradation through the remainder of the course.

No student is admitted who has not made some progress in studies, and who has not a good moral character. It will be required of each one to pursue *the regular course*, as experience has proved that exceptions in this regard are a source of great inconvenience.*

The study of the French language is a part of the College course. The other Modern languages may be taught if required; but, together with Music, Drawing, etc., will form additional charges.

The Academic year begins on the first Wednesday of September and ends on the last Thursday in June.

The following schedule embodies the course of studies pursued in this Institution :

* Students from other schools who seek admission into the higher classes of the course, are required to add to other sufficient attainments a competent knowledge of the rules of Latin Prosody. Casserly's Prosody—a metrical system of Latin rules—is the text-book used at the College.

PHILOSOPHY.

The Students of Philosophy attend three separate courses of
Lectures.

The Course of Rational Philosophy includes Logic, Metaphysics,
and Ethics. In these studies the text-books are Latin, and
that language is used in the daily lectures and recitations.

The Course of Natural Philosophy includes Physics, Mechanics,
and Astronomy.

The Course of Chemistry embraces Inorganic and Organic
Chemistry.

* The two years course of Natural Science, for Rhetoricians and Philosophers, is so arranged
that, during each year, whatever study is begun is completed.

EXAMINATIONS AND REPORTS.

There are two Examinations in the year: the Middle examination at the end of the first term, about the last week in January; and the Final, immediately before the close of the scholastic year, in June.

At the conclusion of the middle examination, which comprises all the matter studied during the preceding half-year, the standing of each student is publicly announced. A report of this examination, together with the grade occupied by each one during the term, is sent to parents and guardians.

The final examination is held at the conclusion of the second term, and embraces all the matter of that term. Parents or guardians, by means of printed reports, are informed of the position held by their sons, or wards, at this examination and during the previous term.

At any time during the year, and particularly at the Middle Examination, if any one be found worthy of passing to a higher class, he will be promoted, and such promotion is equivalent to the honors of his former class.

DEGREES.

The candidate for the Degree of Bachelor of Arts must undergo an examination in Rational and Natural Philosophy, Astronomy, and Chemistry, and must be well acquainted with Latin, Greek, and Mathematics. He is also required to write a speech, or essay, on a literary, scientific, or moral subject, a copy of which must be left at the College. If he remain longer in College, and pursue the Higher Branches of Rational and Natural Philosophy, or, if he graduate in any learned profession, after completing the above course of College Studies, he may receive the Degree of Master of Arts.

AWARDS OF MERIT.

The Prizes of the Annual Distribution in June are awarded to those who, by their class exercises, during the year, and the excellence of their examinations, attain the highest number of good marks. As no allowance will be made for absentees, parents who permit their sons to remain at home beyond the period allotted for vacation or recess, cannot expect to see them hold distinguished places in their classes.

Besides the Annual Distribution of awards, the Faculty and Students are assembled at the beginning of each month, when the "marks" and the standing of the students in their respective classes are publicly proclaimed, and testimonials awarded to the deserving.

HOLIDAYS.

Christmas Vacation begins at noon on the 23d of December, and ends on the afternoon of the 7th of January. The students will be allowed to visit their parents at this time, *but on none of the other ordinary Holidays throughout the year.* The ordinary Holidays are as follows: Festivals of Obligation, State and National Holidays, two days after the middle examination, Easter Monday, and Pentecost Monday. On the second Saturday of each month, students whose homes are in Worcester will be allowed to visit them. They must return on Sunday evening.

SPECIAL REMARKS.

Testimonials as to good moral character and of honorable dismissal are required of applicants from other institutions. Careful attention is bestowed on the religious and moral training of the students, who, even in the hours of recreation, are under the care of the officers of the College.

Every student is required to attend regularly to his religious duties.

Books, papers, periodicals, etc., are not allowed circulation in the College without having been previously revised by the Prefect of discipline.

For faults of ordinary occurrence, failure in recitations, or minor instances of misconduct, a task is sometimes imposed, as for instance, lines from some classical author, to be committed to memory or written after class hours. But flagrant offences, such as are detrimental to the reputation of the College, or are obstructive of the good of the pupils, are grounds for expulsion.

REGULATIONS FOR DAY SCHOLARS.

Classes begin at 8.15 A. M., and continue until 11.10. They are resumed at 2.30 P. M., and continue till 5 o'clock.

Punctual attendance at these hours is required, and no one, after absenting himself or coming late, will be received in class without a note from a parent or guardian, countersigned by the Prefect of Schools.

The day-scholars who do not return home at noon, will be required to prepare their lessons in the study-hall, at the regular hours.

They are forbidden to take out letters or perform errands for boarders without the consent of the President of the College.

TERMS.

Board and Tuition, per annum,	- - - -	\$200 00
Washing and mending linen,	- - - -	20 00

EXTRA CHARGES.

Modern Languages at the Professor's charges.

Music at the Professor's rates.

For students remaining at the College during the Summer Vacation, - - - - -

\$50 00

All the charges must be paid *half yearly in advance*. Should any defer paying them for the space of *one month* from the commencement of the term, the President is *directed to remove* their sons or wards from the institution. Should any pupil be removed by his parents or guardians, or *should he in any manner withdraw himself from the College without the consent of the President*, before the term expires, no deduction will be made.

No expenditure for clothing, or advances for pocket money, will be made by the Institution unless an equivalent sum be deposited with the Treasurer of the College. The books and stationery necessary for the different classes, may be procured at the College.

Each student must be supplied with, at least, two suits for daily wear, and one for Sundays; six shirts, six pairs of stockings, six pocket handkerchiefs, six towels, six napkins, two or three cravats, etc.; two or three pairs of shoes or boots, and an overcoat or cloak. Each student must be provided with a silver table-spoon and fork, marked with his name.

During the past two years, additions have been made to the Philosophical and Chemical Apparatus. The Cabinet has been enlarged and improved. The collection of Minerals has been much increased by purchase and donation. The College is indebted to the liberality of friends for donations to the Sections of Mineralogy, Conchology and Numismatics.

COLLEGE OF THE HOLY CROSS,

WORCESTER, MASS.

THE COLLEGE OF THE HOLY CROSS was founded in the year 1843, by the RT. REV. BENEDICT JOSEPH FENWICK, Bishop of Boston, and was given by him to the Fathers of the Society of Jesus. In 1865 it was incorporated by the Legislature of the State, with power and authority "to confer such Degrees as are conferred by any College in this Commonwealth, except Medical Degrees."

It stands on the heights of Worcester, from which a charming view is had of the City and surrounding country. The location is remarkably healthy, and the buildings large and convenient.

The object of the Institution is to prepare youth for a *Professional*, or for a *Commercial*, state of life.

COURSE OF STUDIES.

THE Course of studies in this College embraces, in its whole extent, a period of seven years, of which three are given to the Preparatory and Junior classes, and the remaining four to the Senior. The last of these years is devoted exclusively to the study of Rational Philosophy and Natural Sciences. Each scholar, however, on entering the College, will be assigned to that particular Class for which it may appear, after an examination by the Prefect of Studies, that he is fitted. Thence he will pass by regular gradation through the remainder of the Course.

No student is admitted who has not made some progress in studies, and who has not a good moral character. It will be required of each one to pursue *the Regular Course*, as experience has proved that exceptions in this regard is a source of great inconvenience.*

The study of the French language is a part of the College Course. The other Modern languages may be taught if required; but together with Music, Drawing, etc., will form additional charges.

The Academic year begins on the first Wednesday of September and ends on the last Thursday in June.

The following schedule embodies the Course of Studies pursued in this Institution:

* Students from other Schools who seek admission into the higher Classes of the Course, are required to add to other sufficient attainments a competent knowledge of the rules of Latin Prosody. Casserly's Prosody—a metrical system of Latin rules—is the Text-book used at the College.

 PHILOSOPHY.

The Students of Philosophy attend three separate courses of
Lectures.

The Course of Rational Philosophy includes Logic, Metaphysics,
and Ethics. In these studies the text-books are Latin, and
that language is used in the daily lectures and recitations.

The Course of Natural Philosophy includes Physics, Mechanics,
and Astronomy.

The Course of Chemistry embraces Inorganic and Organic
Chemistry.

*The two years Course of Natural Science for Rhetoricians and Philosophers, is so arranged
that, whatever study may be entered upon in any one year, will, in that year, be completed.

EXAMINATIONS AND REPORTS.

There are two Examinations in the year: the 'Middle' Examination at the end of the first Term, about the last week in January; and the 'Final,' immediately before the close of the scholastic year, in June.

At the conclusion of the 'Middle' Examination, which comprises all the matter studied during the preceding half-year, the standing of each Student is publicly announced. A Report of this Examination, together with the grade occupied by each one during the term, is sent to Parents and Guardians.

The 'Final' Examination is held at the conclusion of the second Term, and embraces all the matter of that Term. Parents, or Guardians, by means of printed Reports, are informed of the position held by their sons, or wards, at this Examination and during the previous Term.

At any time during the year, and particularly at the 'Middle' Examination, if any one be found worthy of passing to a higher Class, he will be promoted; and such promotion is equivalent to the honors of the class he leaves.

DEGREES.

The candidate for the Degree of Bachelor of Arts must undergo an examination in Rational and Natural Philosophy, Astronomy, and Chemistry, and must be well acquainted with Latin, Greek, and Mathematics. He is also required to write a speech, or essay, on a literary, scientific, or moral subject, a copy of which must be left at the College. If he remain longer in College, and pursue the higher branches of Rational and Natural Philosophy, or, if he graduate in any learned profession, after completing the above Course of College Studies, he may receive the Degree of Master of Arts.

AWARDS OF MERIT.

The Prizes of the Annual Distribution in June are awarded to those who, by their Class exercises, during the year, and the excellence of their Examinations, attain the highest number of Marks. As no allowance will be made for absentees, Parents who permit their sons to remain at home beyond the period allotted for vacation or recess, cannot expect to see them hold distinguished places in their Classes.

The Faculty and Students are assembled at the beginning of each month, when the "Marks" and the standing of the Students in their respective Classes are publicly proclaimed, and testimonials awarded to the deserving.

HOLIDAYS.

Christmas Vacation begins at noon on the 23d of December, and ends on the afternoon of the 7th of January. Students will be allowed to visit their parents at this time, *but on none of the other ordinary Holidays throughout the year.* The ordinary Holidays are as follows: Festivals of Obligation, State and National Holidays, two days after the 'Middle' Examination, Easter Monday, and Pentecost Monday. On the second Saturday of each month, Students whose homes are in Worcester will be allowed to visit them. They must return on Sunday evening.

SPECIAL REMARKS.

Testimonials as to good moral character, and of honorable dismissal, are required of applicants from other Institutions. Careful attention is bestowed on the religious and moral training of the Students, who, even in the hours of recreation, are under the care of the Officers of the College.

Every Student is required to attend regularly to his religious duties.

Books, papers, periodicals, etc., are not allowed circulation in the College without having been previously revised by the Prefect of Discipline.*

For faults of ordinary occurrence, failure in recitations, or minor instances of misconduct, a task is sometimes imposed, as for instance, lines from some classical author, to be committed to memory or written after Class hours. But flagrant offences, such as are detrimental to the reputation of the College, or are obstructive of the good of the pupils, are grounds for expulsion.

REGULATIONS FOR DAY SCHOLARS.

Classes begin at 8.15 A. M., and continue until 11.10. They are resumed at 2.30 P. M., and continue till 5 o'clock.

Punctual attendance at these hours is required, and no one, after absenting himself or coming late, will be received in Class without a note from a parent, or guardian, countersigned by the Prefect of Schools.

Day-scholars who do not return home at noon, will be required to prepare their lessons in the study-hall, at the regular hours.

They are forbidden to take out letters or perform errands for boarders without the consent of the President of the College.

TERMS.

Board and Tuition, per annum,	- - - -	\$200 00
Washing and mending linen,	- - - -	20 00
Physician's Fee (Medicines are charged to individuals),		
per annum,	- - - - -	5 00
Half-Boarders, per annum,	- - - -	120 00
Day-Scholars, " "	- - - -	60 00
Use of Philosophical Instruments,	- - - -	10 00
Graduation Fee,	- - - -	10 00

* All letters written by the Students, unless those to Parents or Guardians, are subject to inspection by the Prefect of Discipline. In like manner, all letters, except those known to be from Parents or Guardians, are liable to be opened, at the discretion of the Prefect.

EXTRA CHARGES.

Modern Languages at the Professor's charges.

Music at the Professor's rates.

For students remaining at the College during the Summer Vacation,	- - - - -	\$50 00
Room and Attendance (for Graduates only) per annum,		\$50 00

The Attention of Parents and Guardians is called to the following :

All charges must be paid *half yearly in advance*, or a satisfactory bond given, with two sureties, living in the State of Massachusetts, to pay the same within *one month*. Should any defer paying them for the space of *one month* from the beginning of the Term, the President is *directed to remove* their sons or wards from the Institution. Should any pupil be removed by his Parents or Guardians, or *should he in any manner withdraw himself from the College*, before the Term expires, no deduction will be made.

No expenditure for clothing, or for other incidental expenses of the Student, or advances for pocket money, will be made by the Institution unless an equivalent sum be deposited with the Treasurer of the College. The books and stationery necessary for the different Classes, may be procured at the College.

Each Student must be supplied with, at least, two suits for daily wear, and one for Sundays; six shirts, six pairs of stockings, six pocket handkerchiefs, six towels, six napkins, two or three cravats, etc.; two or three pairs of shoes or boots, and an overcoat or cloak. Each Student must be provided with a silver table-spoon and fork, marked with his name. The College will not be responsible for any article of clothing or table-furniture, or for books, left behind him by any Student of the Institution.

FOUNDATIONS, PROFESSORSHIPS, SCHOLARSHIPS, CLASS-MEDALS, &C.

The College is indebted to the liberality of friends, especially to the late Rev. P. G. Delany, Pawtucket, R. I., Rev. G. I. Strong, S. J., and Col. Edward C. Calhoun, Abbeville, S. C., for donations during the year to the Department of Natural Science, and to the Cabinet and Library.

Whilst the friends of Holy Cross may be assured of grateful thanks for past favors, the Trustees of the College deem it not out of place to observe here, that there is very much need of further generous aid in the above and other particulars, if the Institution would be equipped as it should be, and the cherished hopes of its venerated Founder be, to a fuller extent, realized.

There is much yet to be done towards improving the material belongings of the College, and, for this, pecuniary resources are necessarily to be relied upon. There is need of a better appointed Gymnasium and more comfortable play-rooms, of more convenient closets and bath-rooms. These would form the basement story of a new building, which would be immediately begun, if means were had adequate to the undertaking. The sum of Twenty Thousand Dollars would cover the expense of such a beginning. Then there is need of a more presentable College Library-Hall, Cabinet, Laboratory, and Class-rooms for Rational Philosophy and the Natural Sciences. These would naturally fill up the second floor of the new building, if erected. Twenty Thousand Dollars would cover the expense here. Then again—and this more important than anything else just now—there is absolute need of a proper Commencement-Hall. This would occupy the entire third story of the new building contemplated. The same sum would answer all demands on this account. May not the friends of Catholic Education, throughout our New England States, especially, where the memory of Bishop Fenwick is still held in benediction, be looked to for some token of encouragement in this work?

Any person, giving or bequeathing to the College of the Holy Cross a sum, not less than Fifty Thousand Dollars, towards carrying out the above project of a new building, or for the general purposes of the Institution, will receive the title of *Associate Founder of the College of the Holy-Cross*, and be published as such in the yearly Catalogue of the College.

Any one who may give or bequeath to the College a sum sufficient to construct any one of the three stories of the new building proposed, will receive the title of *Distinguished Patron of the College of the Holy-Cross*, and be duly published as such in the yearly Catalogue of the College.

Any person, or persons, giving or bequeathing a sum of Twenty Thousand Dollars for the purpose of establishing a Professorship in any Department, will have the privilege of giving name to such Professorship.

Any one who may give or bequeath to the College the sum of Ten Thousand Dollars, to found a Scholarship of any class, will have the privilege of naming the same, and of nominating its first incumbent.

Any person who may give or bequeath to the College the sum of One Thousand Dollars, for the purpose of founding a Medal of any Class, will have the privilege of naming such Medal.

NOTE.—All devises and bequests should be made “To the Trustees of the College of the Holy-Cross, Worcester, Mass.” If designed for the endowment of a Department, or of a Professorship, Scholarship, Library, or Cabinet, this purpose should be distinctly stated. If no such specific object be had in view, they should be given to the Trustees “to be applied at their discretion for the general purposes of the College.”

COLLEGE OF THE HOLY CROSS,
WORCESTER, MASS.

THE COLLEGE OF THE HOLY CROSS was founded in the year 1843, by the RT. REV. BENEDICT JOSEPH FENWICK, Bishop of Boston, and was given by him to the Fathers of the Society of Jesus. In 1865 it was incorporated by the Legislature of the State, with power and authority "to confer such Degrees as are conferred by any College in this Commonwealth, except Medical Degrees."

It stands on the heights of Worcester, from which a charming view is had of the City and surrounding country. The location is remarkably healthy, and the buildings large and convenient.

The object of the Institution is to prepare youth for a *Professional*, or for a *Commercial*, state of life.

COURSE OF STUDIES.

THE Course of studies in this College embraces, in its whole extent, a period of seven years, of which three are given to the Preparatory and Junior classes, and the remaining four to the Senior. The last of these years is devoted exclusively to the study of Rational Philosophy and Natural Sciences. Each scholar, however, on entering the College, will be assigned to that particular Class for which it may appear, after an examination by the Prefect of Studies, that he is fitted. Thence he will pass by regular gradation through the remainder of the Course.

No student is admitted who has not made some progress in studies, and who has not a good moral character. It will be required of each one to pursue *the Regular Course*, as experience has proved that exception in this regard is a source of great inconvenience.*

The study of the French language is a part of the College Course. The other Modern languages may be taught if required; but together with Music, Drawing, etc., will form additional charges.

The Academic year begins on the first Wednesday of September and ends on the last Thursday in June.

The following schedule embodies the Course of Studies pursued in this Institution:

* Students from other Schools who seek admission into the higher Classes of the Course, are required to add to other sufficient attainments a competent knowledge of the rules of Latin Prosody. Casserly's Prosody—a metrical system of Latin rules—is the Text-book used at the College.

 PHILOSOPHY.

The Students of Philosophy attend three separate courses of
Lectures.

The Course of Rational Philosophy includes Logic, Metaphysics,
and Ethics. In these studies the text-books are Latin, and
that language is used in the daily lectures and recitations.

The Course of Natural Philosophy includes Physics, Mechanics,
and Astronomy.

The Course of Chemistry embraces Inorganic and Organic
Chemistry.

*The two years Course of Natural Science for Rhetoricians and Philosophers, is so
arranged that whatever study may be entered upon in any one year, will, in that year,
be concluded.

EXAMINATIONS AND REPORTS.

There are two Examinations in the year: the 'Middle' Examination at the end of the first Term, about the last week in January; and the 'Final,' immediately before the close of the scholastic year, in June.

At the conclusion of the 'Middle' Examination, which comprises all the matter studied during the preceding half-year, the standing of each Student is publicly announced. A Report of this Examination, together with the grade occupied by each one during the term is sent to Parents and Guardians.

The 'Final' Examination is held at the conclusion of the second Term, and embraces all the matter of that Term. Parents, or Guardians, by means of printed Reports, are informed of the position held by their sons, or wards, at this Examination and during the previous Term.

At any time during the year, and particularly at the 'Middle' Examination, if any one be found worthy of passing to a higher Class, he will be promoted; and such promotion is equivalent to the honors of the class he leaves.

DEGREES.

The candidate for the Degree of Bachelor of Arts must undergo an examination in Rational and Natural Philosophy, Astronomy, and Chemistry, and must be well acquainted with Latin, Greek, and Mathematics. He is also required to write a speech, or essay, on a literary, scientific, or moral subject, a copy of which must be left at the College. If he remain longer in College, and pursue the higher branches of Rational and Natural Philosophy, or if he graduate in any learned profession, after completing the above Course of College Studies, he may receive the Degree of Master of Arts.

AWARDS OF MERIT.

The Prizes of the Annual Distribution in June are awarded to those who, by their Class exercises, during the year, and the excellence of their Examinations, attain the highest number of Marks. As no allowance will be made for absentees, Parents who permit their sons to remain at home beyond the period allotted for vacation or recess, cannot expect to see them hold distinguished places in their Classes.

The Faculty and Students are assembled at the beginning of each month, when the 'Marks' and the standing of the Students in their respective Classes are publicly proclaimed, and testimonials awarded to the deserving.

HOLIDAYS.

Christmas Vacation begins at noon on the 23d of December, and ends on the afternoon of the 7th of January. Students will be allowed to visit their parents at this time, *but on none of the other ordinary Holidays throughout the year.* The ordinary Holidays are as follows: Festivals of Obligation, State and National Holidays, two days after the 'Middle' Examination, Easter Monday, and Pentecost Monday. On the second Saturday of each month, Students whose homes are in Worcester will be allowed to visit them. They must return on Sunday evening.

SPECIAL REMARKS.

Testimonials as to good moral character, and of honorable dismissal, are required of applicants from other Institutions. Careful attention is bestowed on the religious and moral training of the Students, who, even in the hours of recreation, are under the care of the Officers of the College.

Every Student is required to attend regularly to his religious duties.

Books, papers, periodicals, etc., are not allowed circulation in the College without having been previously revised by the Prefect of Discipline.*

For faults of ordinary occurrence, failure in recitations, or minor instances of misconduct, a task is sometimes imposed, as for instance, lines from some classical author, to be committed to memory or written after Class hours. But flagrant offences, such as are detrimental to the reputation of the College, or are obstructive of the good of the pupils, are grounds for expulsion.

REGULATIONS FOR DAY SCHOLARS.

Classes begin at 8.15 A. M., and continue until 11.10. They are resumed at 2.30 P. M., and continue till 5 o'clock.

Punctual attendance at these hours is required, and no one, after absenting himself or coming late, will be received in Class without a note from a parent, or guardian, countersigned by the Prefect of Schools.

Day-scholars who do not return home at noon, will be required to prepare their lessons in the study-hall, at the regular hours.

They are forbidden to take out letters or perform errands for boarders without the consent of the President of the College.

TERMS.

Board and Tuition, per annum,	-	-	-	-	\$200 00

* All letters written by the Students, unless those to Parents or Guardians, are subject to inspection by the Prefect of Discipline. In like manner, all letters, except those known to be from Parents or Guardians, are liable to be opened, at the discretion of the Prefect.

EXTRA CHARGES.

Modern Languages at the Professor's charges.

Music at the Professor's rates.

For students remaining at the College during the Summer Vacation,	-	-	-	-	-	-	\$50 00
---	---	---	---	---	---	---	---------

Room and Attendance (for Graduates only) per annum,	\$50 00
---	---------

The attention of Parents and Guardians is called to the following :

All charges must be paid *half yearly in advance*, or a satisfactory bond given, with two sureties, living in the State of Massachusetts, to pay the same within *one month*. Should any defer paying them for the space of *one month* from the beginning of the Term, the President is *directed to remove* their sons or wards from the Institution. Should any pupil be removed by his Parents or Guardians, or *should he in any manner withdraw himself from the College*, before the Term expires, no deduction will be made.

No expenditure for clothing, or for other incidental expenses of the Student, or advances for pocket money, will be made by the Institution unless an equivalent sum be deposited with the Treasurer of the College. The books and stationery necessary for the different Classes, may be procured at the College.

Each Student must be supplied with, at least, two suits for daily wear, and one for Sundays; six shirts, six pairs of stockings, six pocket handkerchiefs, six towels, six napkins, two or three cravats, etc., two or three pairs of shoes or boots, a pair of rubber boots and an overcoat or cloak. Each Student must be provided with a silver table-spoon and fork, marked with his name. The College will not be responsible for any article of clothing or table-furniture, or for books, left behind him by any Student of the Institution.

FOUNDATIONS, PROFESSORSHIPS,

SCHOLARSHIPS, CLASS-MEDALS, &C.

There is much need of generous aid, on the part of the friends of Holy Cross, if the Institution would be equipped as it should be.

There is much to be done towards improving the material belongings of the College, and, for this, pecuniary resources are necessarily to be relied upon. There is need of a better appointed Gymnasium and more comfortable play-rooms, of more convenient closets and bath-rooms. These would form the basement story of a new building, which would be immediately begun, if means were had adequate to the undertaking. Then there is need of a more presentable College Library-Hall, Cabinet, Laboratory, and Class-rooms for Rational Philosophy, and the Natural Sciences. These would naturally fill up the second floor of the new building, if erected. Then again—and this more important than anything else—there is absolute need of a proper Commencement-Hall. This would occupy the entire third story of the new building contemplated. May not the friends of Catholic Education, throughout our New England States, especially, be looked to for some token of encouragement in this work?

Any person, giving or bequeathing to the College of the Holy Cross a sum, not less than Fifty Thousand Dollars, towards carrying out the above project of a new building, or for the general purposes of the Institution, will receive the title of *Associate Founder of the College of the Holy-Cross*, and be published as such in the yearly Catalogue of the College.

Any one who may give or bequeath to the College a sum sufficient to construct any one of the three stories of the new building proposed, will receive the title of *Distinguished Patron of the College of the Holy-Cross*, and be duly published as such in the yearly Catalogue of the College.

Any person, or persons, giving or bequeathing the sum of Twenty Thousand Dollars for the purpose of establishing a Professorship in any Department, will have the privilege of giving name to such Professorship.

Any one who may give or bequeath to the College the sum of Ten Thousand Dollars, to found a Scholarship of any Class, will have the privilege of naming the same, and of nominating its first incumbent.

Any person who may give or bequeath to the College the sum of One Thousand Dollars, for the purpose of founding a Medal of any Class, will have the privilege of naming such Medal.

NOTE.—All devises and bequests should be made “To the Trustees of the College of the Holy-Cross, Worcester, Mass.” If designed for the endowment of a Department, or of a Professorship, Scholarship, Library, or Cabinet, this purpose should be distinctly stated. If no such specific object be had in view, they should be given to the Trustees “to be applied at their discretion for the general purposes of the College.”

COLLEGE OF THE HOLY CROSS,
WORCESTER, MASS.

THE COLLEGE OF THE HOLY CROSS was founded in the year 1843, by the RT. REV. BENEDICT JOSEPH FENWICK, Bishop of Boston, and was given by him to the Fathers of the Society of Jesus. In 1865 it was incorporated by the Legislature of the State, with power and authority "to confer such Degrees as are conferred by any College in this Commonwealth, except Medical Degrees."

It stands on the heights of Worcester, from which a charming view is had of the City and surrounding country. The location is remarkably healthy, and the buildings large and convenient.

The object of the Institution is to prepare youth for a *Professional*, or for a *Commercial*, state of life.

COURSE OF STUDIES.

THE Course of studies in this College embraces, in its whole extent, a period of seven years, of which three are given to the Preparatory and Junior classes, and the remaining four to the Senior. The last of these years is devoted exclusively to the study of Rational Philosophy and Natural Sciences. Each Scholar, however, on entering the College, will be assigned to that particular Class for which it may appear, after an examination by the Prefect of Studies, that he is fitted. Thence he will pass by regular gradation through the remainder of the Course.

No Student is admitted who has not made some progress in studies, and who has not a good moral character. It will be required of each one to pursue *the Regular Course*, as experience has proved that exception in this regard is a source of great inconvenience.*

The study of the French language is a part of the College Course. The other Modern languages may be taught if required; but together with Music, Drawing, &c., will form additional charges.

The Academic year begins on the first Wednesday of September, and ends on the last Thursday in June.

The following schedule embodies the Course of Studies pursued in this Institution:

* Students from other Schools who seek admission into the higher Classes of the Course, are required to add to other sufficient attainments a competent knowledge of the rules of Latin Prosody. Casserly's Prosody—a metrical system of Latin rules—is the Text-book used at the College.

 PHILOSOPHY.

The Students of Philosophy attend three separate courses of
Lectures.

The Course of Rational Philosophy includes Logic, Metaphysics
and Ethics. In these studies the text-books are Latin, and
that language is used in the daily lectures and recitations.

The Course of Natural Philosophy includes Physics, Mechanics
and Astronomy.

The Course of Chemistry embraces Inorganic and Organic
Chemistry.

*The two years Course of Natural Science for Rhetoricians and Philosophers, is so
arranged that whatever study may be entered upon in any one year, will, in that
year, be concluded.

EXAMINATIONS AND REPORTS.

There are two Examinations in the year: the 'Middle' Examination at the end of the first Term, about the last week in January; and the 'Final,' immediately before the close of the Scholastic year, in June.

At the conclusion of the 'Middle' Examination, which comprises all the matter studied during the preceding half-year, the standing of each Student is publicly announced. A Report of this Examination, together with the grade occupied by each one during the Term, is sent to Parents and Guardians.

The 'Final' Examination is held at the conclusion of the second Term, and embraces all the matter of that Term. Parents, or Guardians, by means of printed Reports, are informed of the position held by their sons, or wards, at this Examination and during the previous Term.

At any time during the year, and particularly at the 'Middle' Examination, if any one be found worthy of passing to a higher Class, he will be promoted; and such promotion is equivalent to the honors of the class he leaves.

DEGREES.

The candidate for the Degree of Bachelor of Arts must undergo an examination in Rational and Natural Philosophy, Astronomy and Chemistry, and must be well acquainted with Latin, Greek and Mathematics. He is also required to write a speech, or essay, on a literary, scientific, or moral subject, a copy of which must be left at the College. If he remain longer in College, and pursue the higher branches of Rational and Natural Philosophy, or if he graduate in any learned profession, after completing the above Course of College Studies, he may receive the Degree of Master of Arts.

AWARDS OF MERIT.

The Prizes of the Annual Distribution in June are awarded to those who, by their Class-Exercises during the year, and the excellence of their Examinations, attain the highest number of 'Marks.' As no allowance will be made for absentees, Parents who permit their sons to remain at home beyond the period allotted for vacation or recess, cannot expect to see them hold distinguished places in their Classes.

The Faculty and Students are assembled at the beginning of each month, when the 'Marks' and the standing of the Students in their respective Classes are publicly proclaimed, and testimonials awarded to the deserving.

HOLIDAYS.

Christmas Vacation begins at noon on the 23d of December, and ends on the afternoon of the 7th of January. Students will be allowed to visit their parents at this time, *but on none of the other ordinary Holidays throughout the year.* The ordinary Holidays are as follows: Festivals of Obligation, State and National Holidays, two days after the 'Middle' Examination, Easter Monday, and Pentecost Monday. On the second Saturday of each month, Students whose homes are in Worcester will be allowed to visit them. They must return on Sunday evening.

SPECIAL REMARKS.

Testimonials as to good moral character, and of honorable dismissal, are required of applicants from other Institutions. Careful attention is bestowed on the religious and moral training of the Students, who, even in the hours of recreation, are under the care of the Officers of the College.

Every Student is required to attend regularly to his religious duties.

Books, papers, periodicals, &c., are not allowed circulation in the College, without having been previously revised by the Prefect of Discipline.

All letters written by the Students, unless those to Parents or Guardians, are subject to inspection by the Prefect of Discipline. In like manner, all letters, except those known to be from Parents or Guardians, are liable to be opened, at the discretion of the Prefect.

For faults of ordinary occurrence, failure in recitations, or minor instances of misconduct, a task is sometimes imposed, as for instance, lines from some classical author, to be committed to memory or written after Class hours. But flagrant offences, such as are detrimental to the reputation of the College, or are obstructive of the good of the pupils, are grounds for expulsion.

REGULATIONS FOR DAY-SCHOLARS.

Classes begin at 8.15 A. M., and continue until 11.10. They are resumed at 2.30 P. M., and continue till 5 o'clock.

Punctual attendance at these hours is required, and no one, after absenting himself or coming late, will be received in Class without a note from a Parent, or Guardian, countersigned by the Prefect of Schools.

Day-Scholars who do not return home at noon, will be required to prepare their lessons in the Study-Hall, at the regular hours.

They are forbidden to take out letters, or perform errands, for Boarders, without the consent of the President of the College.

All charges must be paid *half yearly in advance*, or a satisfactory bond given, with two sureties, living in the State of Massachusetts, to pay the same within *one month*. Should any defer paying them for the space of *one month* from the beginning of the Term, the President is *directed to remove* their sons or wards from the Institution. Should any pupil be removed by his Parents or Guardians, or *should he in any manner withdraw himself from the College*, before the Term expires, no deduction will be made.

No expenditure for clothing, or for other incidental expenses of the Student, or advances for pocket money, will be made by the Institution, unless an equivalent sum be deposited with the Treasurer of the College. The books and stationery necessary for the different Classes, may be procured at the College.

Each Student must be supplied with, at least, two suits for daily wear, and one for Sundays: six shirts, six pairs of stockings, six pocket handkerchiefs, six towels, six napkins, two or three cravats, &c., two or three pairs of shoes or boots, a pair of rubber boots, and an overcoat or cloak. Each Student must be provided with a silver table-spoon and fork, marked with his name.

The College will not be responsible for any article of clothing or table-furniture, or for books, left behind him by any Student of the Institution.

FOUNDATIONS, PROFESSORSHIPS, SCHOLARSHIPS, &C.

(*Extract from the College Year-Book.*)

“Any person, giving or bequeathing to the College of the Holy Cross the sum of Fifty Thousand Dollars towards the erection of a new building contemplated, or for the general purposes of the Institution, will receive the title of *Associate Founder of the College of the Holy-Cross*, and be published as such in the yearly Catalogue of the College.

“Any one who may give or bequeath to the College a sum sufficient to construct any one of the stories of the new building proposed, will receive the title of *Distinguished Patron of the College of the Holy-Cross*, and be duly published as such in the yearly Catalogue of the College.

“Any person, or persons, giving or bequeathing the sum of Twenty Thousand Dollars for the purpose of establishing a Professorship in any Department, will have the privilege of giving name to such Professorship.

“Any one who may give or bequeath to the College the sum of Ten Thousand Dollars, to found a Scholarship of any Class, will have the privilege of naming the same, and of nominating its first incumbent.

“Any person who may give or bequeath to the College the sum of One Thousand Dollars, for the purpose of founding a Medal of any Class, will have the privilege of naming such Medal.”

The College is indebted to the Hon. G. F. Hoar, Worcester, Mass., to Frederick J. McNulty, M. D., Esq., Boston, Mass., and to the National Bureau of Education and National Observatory, at Washington, D. C., for valuable contributions during the year to its Library.

Its thanks are due, also, to the Rev. John Conway, Winchendon, Mass., for the presentation of an enlarged model of a very ingeniously contrived fire-escape, the invention of the Reverend donor.

NOTE.—All devises and bequests should be made “To the Trustees of the College of the Holy-Cross, Worcester, Mass.” If designed for the endowment of a Department, or of a Professorship, Scholarship, Library, or Cabinet, this purpose should be distinctly stated. If no such specific object be had in view, they should be given to the Trustees “to be applied at their discretion for the general purposes of the College.”

COLLEGE OF THE HOLY CROSS,

WORCESTER, MASS.

THE COLLEGE OF THE HOLY CROSS was founded in the year 1843, by the RT. REV. BENEDICT JOSEPH FENWICK, Bishop of Boston, and was given by him to the Fathers of the Society of Jesus. In 1865 it was incorporated by the Legislature of the State, with power and authority “to confer such Degrees as are conferred by any College in this Commonwealth, except Medical Degrees.”

It stands on the heights of Worcester, from which a charming view is had of the City and surrounding country. The location is remarkably healthy, and the buildings large and convenient.

The object of the Institution is to prepare youth for a *Professional*, or for a *Commercial*, state of life.

COURSE OF STUDIES.

THE Course of studies in this College embraces, in its whole extent, a period of seven years, of which three are given to the Preparatory and Junior Classes, and the remaining four to the Senior. The last of these years is devoted exclusively to the Study of Rational Philosophy and Natural Sciences. Each Scholar, however, on entering the College, will be assigned to that particular Class for which it may appear, after an examination by the Prefect of Studies, that he is fitted. Thence he will pass by regular gradation through the remainder of the Course.

No student is admitted who has not made some progress in studies, and who has not a good moral character. It will be required of each one to pursue *the Regular Course*, as experience has proved that exception in this regard is a source of great inconvenience. *

The study of the French language is a part of the College Course. The other Modern languages may be taught if required; but together with Music, Drawing, &c., will form additional charges.

The Academic year begins on the first Wednesday of September, and ends on the last Thursday in June.

The following schedule embodies the Course of Studies pursued in this Institution :

* Students from other Schools who seek admission into the higher Classes of the Course, are required to add to other sufficient attainments a competent knowledge of the rules of Latin Prosody. Casserly's Prosody—a metrical system of Latin rules—is the Text-book used at the College.

 PHILOSOPHY.

The Students of Philosophy attend three separate courses of
Lectures.

The Course of Rational Philosophy includes Logic, Metaphysics
and Ethics. In these studies the text-books are Latin, and
that language is used in the daily lectures and recitations.

The Course of Natural Philosophy includes Physics, Mechanics
and Astronomy.

The Course of Chemistry embraces Inorganic and Organic
Chemistry.

*The two years Course of Natural Science for Rhetoricians and Philosophers, is so
arranged that whatever study may be entered upon in any one year, will, in that year,
be concluded.

EXAMINATIONS AND REPORTS.

There are two Examinations in the year: the 'Middle' Examination at the end of the first Term, about the last week in January; and the 'Final,' immediately before the close of the Scholastic year, in June.

At the conclusion of the 'Middle' Examination, which comprises all the matter studied during the preceding half-year, the standing of each Student is publicly announced. A Report of this Examination, together with the grade occupied by each one during the Term, is sent to Parents and Guardians.

The 'Final' Examination is held at the conclusion of the second Term, and embraces all the matter of that Term. Parents, or Guardians, by means of printed Reports, are informed of the position held by their sons, or wards, at this Examination and during the previous Term.

At any time during the year, and particularly at the 'Middle' Examination, if any one be found worthy of passing to a higher Class, he will be promoted; and such promotion is equivalent to the honors of the class he leaves.

DEGREES.

The candidate for the Degree of Bachelor of Arts must undergo an examination in Rational and Natural Philosophy, Astronomy and Chemistry, and must be well acquainted with Latin, Greek and Mathematics. He is also required to write a speech, or essay, on a literary, scientific, or moral subject, a copy of which must be left at the College. If he remain longer in College, and pursue the higher branches of Rational and Natural Philosophy, or if he graduate in any learned profession, after completing the above Course of College Studies, he may receive the Degree of Master of Arts.

AWARDS OF MERIT.

The Prizes of the Annual Distribution in June are awarded to those who, by their Class-Exercises during the year, and the excellence of their Examinations, attain the highest number of 'Marks.' As no allowance will be made for absentees, Parents who permit their sons to remain at home beyond the period allotted for vacation or recess, cannot expect to see them hold distinguished places in their Classes.

The Faculty and Students are assembled at the beginning of each month, when the 'Marks' and the standing of the Students in their respective Classes are publicly proclaimed, and testimonials awarded to the deserving.

HOLIDAYS.

Christmas Vacation begins at noon on the 23rd of December, and ends on the afternoon of the 7th of January. Students will be allowed to visit their parents at this time, *but on none of the other ordinary Holidays throughout the year.* The ordinary Holidays are as follows: Festivals of Obligation, State and National Holidays, two days after the 'Middle' Examination, Easter Monday, and Pentecost Monday. On the second Saturday of each month, Students whose homes are in Worcester will be allowed to visit them. They must return on Sunday evening.

SPECIAL REMARKS.

Testimonials as to good moral character, and of honorable dismissal are required of applicants from other Institutions. Careful attention is bestowed on the religious and moral training of the Students, who, even in the hours of recreation, are under the care of the Officers of the College.

Every Student is required to attend regularly to his religious duties.

Books, papers, periodicals, &c., are not allowed circulation in the College, without having been previously revised by the Prefect of Discipline.

All letters written by the Students, unless those to Parents or Guardians, are subject to inspection by the Prefect of Discipline. In like manner, all letters, except those known to be from Parents or Guardians, are liable to be opened, at the discretion of the Prefect.

For faults of ordinary occurrence, failure in recitations, or minor instances of misconduct, a task is sometimes imposed, as for instance, lines from some classical author, to be committed to memory or written after Class-hours. But flagrant offences, such as are detrimental to the reputation of the College, or are obstructive of the good of the pupils, are grounds for expulsion.

REGULATIONS FOR DAY-SCHOLARS.

Classes begin at 8.15 A. M., and continue until 11.10. They are resumed at 2.30 P. M., and continue till 5 o'clock.

Punctual attendance at these hours is required, and no one, after absenting himself or coming late, will be received in Class without a note from a Parent, or Guardian, countersigned by the Prefect of Schools.

Day-Scholars who do not return home at noon, will be required to prepare their lessons in the Study-Hall, at the regular hours.

They are forbidden to take out letters, or perform errands, for Boarders, without the consent of the President of the College.

Room and Attendance (for Graduates only), per annum, \$50 00

The attention of Parents and Guardians is called to the following :

All charges must be paid *half yearly in advance*, or a satisfactory bond given, with two sureties, living in the State of Massachusetts, to pay the same within *one month*. Should any defer paying them for the space of *one month* from the beginning of the Term, the President is *directed to remove* their sons or wards from the Institution. Should any pupil be removed by his Parents or Guardians, or *should he in any manner withdraw himself from the College*, before the Term expires, no deduction will be made.

No expenditure for clothing, or for other incidental expenses of the Student, or advances for pocket-money, will be made by the Institution, unless an equivalent sum be deposited with the Treasurer of the College. The books and stationery necessary for the different Classes, may be procured at the College.

Each student must be supplied with, at least, two suits for daily wear, and one for Sundays: six shirts, six pairs of stockings, six pocket-handkerchiefs, six towels, six napkins, two or three cravats, two or three pairs of shoes or boots, a pair of rubber-boots, and an overcoat or cloak. Each Student must be provided with a silver table-spoon and fork, marked with his name.

The College will not be responsible for any article of clothing or table-furniture, or for books, left behind him by any Student of the Institution.

FOUNDATIONS, PROFESSORSHIPS,
SCHOLARSHIPS, &C.

(*Extract from the College Year-Book*).

“Any person, giving or bequeathing to the College of the Holy Cross the sum of Fifty Thousand Dollars towards the erection of a new building contemplated, or for the general purposes of the Institution, will receive the title of *Associate Founder of the College of the Holy Cross*, and be published as such in the yearly Catalogue of the College.

“Any one who may give or bequeath to the College a sum sufficient to construct any one of the stories of the new building proposed, will receive the title of *Distinguished Patron of the College of the Holy Cross*, and be duly published as such in the yearly Catalogue of the College.

“Any person, or persons, giving or bequeathing the sum of Twenty Thousand Dollars for the purpose of establishing a Professorship in any Department, will have the privilege of giving name to such Professorship.

“Any one who may give or bequeath to the College the sum of Ten Thousand Dollars, to found a Scholarship of any Class, will have the privilege of naming the same, and of nominating its first incumbent.

“Any person who may give or bequeath to the College the sum of One Thousand Dollars, for the purpose of founding a Medal of any Class, will have the privilege of naming such Medal.”

The College is indebted to the Hon. G. F. Hoar and the Hon. W. W. Rice, of Worcester, Mass., and to the National Bureau of Education and National Observatory, at Washington. D. C., for valuable contributions during the year to its Library.

Its thanks are due, also, to Prof. M. Conway, S. J., for specimens of gold, silver and lead ores, and Indian curiosities, from Montana Territory : to D. F. Holland, Class of '84, for a collection of American coins : to Marion A. Cunningham, Esq., Washington, D. C., for gold, silver and iron ores from the San Miguel Mines, Mexico : and to the Misses Ida V. and M. G. Collins, Georgetown, D. C., for a collection of American and foreign coins, and curiosities from the Arctic regions.

NOTE.—All devises and bequests should be made “To the Trustees of the College of the Holy Cross, Worcester, Mass.” If designed for the endowment of a Department, or of a Professorship, Scholarship, Library, or Cabinet, this purpose should be distinctly stated. If no such specific object be had in view, they should be given to the Trustees “to be applied at their discretion for the general purposes of the College.”

COLLEGE OF THE HOLY CROSS,
WORCESTER, MASS.

THE COLLEGE OF THE HOLY CROSS was founded in the year 1843, by the RT. REV. BENEDICT JOSEPH FENWICK, Bishop of Boston, and was given by him to the Fathers of the Society of Jesus. In 1865 it was incorporated by the Legislature of the State, with power and authority “to confer such Degrees as are conferred by any College in this Commonwealth, except Medical Degrees.”

It stands on the heights of Worcester, from which a charming view is had of the City and surrounding country. The location is remarkably healthy, and the buildings large and convenient.

The object of the Institution is to prepare youth for a *Professional*, or for a *Commercial*, state of life.

COURSE OF STUDIES.

THE Course of studies in this College embraces, in its whole extent, a period of seven years, of which three are given to the Preparatory and Junior Classes, and the remaining four to the Senior. The last of these years is devoted exclusively to the Study of Rational Philosophy and Natural Sciences. Each Scholar, however, on entering the College, will be assigned to that particular Class for which it may appear, after an examination by the Prefect of Studies, that he is fitted. Thence he will pass by regular gradation through the remainder of the Course.

No student is admitted who has not made some progress in studies, and who has not a good moral character. It will be required of each one to pursue *the Regular Course*, as experience has proved that exception in this regard is a source of great inconvenience.*

The study of the French language is a part of the College Course. The other Modern languages may be taught if required; but together with Music, Drawing, &c., will form additional charges.

The Academic year begins on the first Wednesday of September, and ends on the last Thursday in June.

The following schedule embodies the Course of Studies pursued in this Institution :

* Students from other Schools who seek admission into the higher Classes of the Course, are required to add to other sufficient attainments a competent knowledge of the rules of Latin Prosody. Casserly's Prosody — a metrical system of Latin rules — is the Text-book used at the College.

 PHILOSOPHY.

The Students of Philosophy attend three separate courses of
Lectures.

The Course of Rational Philosophy includes Logic, Metaphysics
and Ethics. In these studies the text-books are Latin, and
that language is used in the daily lectures and recitations.

The Course of Natural Philosophy includes Physics, Mechanics
and Astronomy.

The Course of Chemistry embraces Inorganic and Organic
Chemistry.

*The two years Course of Natural Science for Rhetoricians and Philosophers, is so
arranged that whatever study may be entered upon in any one year, will, in that year,
be concluded.

EXAMINATIONS AND REPORTS.

There are two Examinations in the year: the 'Middle' Examination at the end of the first Term, about the last week in January; and the 'Final,' immediately before the close of the Scholastic year, in June.

At the conclusion of the 'Middle' Examination, which comprises all the matter studied during the preceding half-year, the standing of each Student is publicly announced. A Report of this Examination, together with the grade occupied by each one during the Term, is sent to Parents and Guardians.

The 'Final' Examination is held at the conclusion of the second Term, and embraces all the matter of that Term. Parents, or Guardians, by means of printed Reports, are informed of the position held by their sons, or wards, at this Examination and during the previous Term.

At any time during the year, and particularly at the 'Middle' Examination, if any one be found worthy of passing to a higher Class, he will be promoted; and such promotion is equivalent to the honors of the class he leaves.

DEGREES.

The candidate for the Degree of Bachelor of Arts must undergo an examination in Rational and Natural Philosophy, Astronomy and Chemistry, and must be well acquainted with Latin, Greek and Mathematics. He is also required to write a speech, or essay, on a literary, scientific, or moral subject, a copy of which must be left at the College. If he remain longer in College, and pursue the higher branches of Rational and Natural Philosophy, or if he graduate in any learned profession, after completing the above Course of College Studies, he may receive the Degree of Master of Arts.

AWARDS OF MERIT.

The Prizes of the Annual Distribution in June are awarded to those who, by their Class-Exercises during the year, and the excellence of their Examinations, attain the highest number of 'Marks.' As no allowance will be made for absentees, Parents who permit their sons to remain at home beyond the period allotted for vacation or recess, cannot expect to see them hold distinguished places in their Classes.

The Faculty and Students are assembled at the beginning of each month, when the 'Marks' and the standing of the Students in their respective Classes are publicly proclaimed, and testimonials awarded to the deserving.

HOLIDAYS.

Christmas Vacation begins at noon on the 23rd of December, and ends on the afternoon of the 7th of January. Students will be allowed to visit their parents at this time, *but on none of the other ordinary Holidays throughout the year.* The ordinary Holidays are as follows: Festivals of Obligation, State and National Holidays, two days after the 'Middle' Examination, Easter Monday, and Pentecost Monday. On the second Saturday of each month, Students whose homes are in Worcester will be allowed to visit them. They must return on Sunday evening.

SPECIAL REMARKS.

Testimonials as to good moral character, and of honorable dismissal are required of applicants from other Institutions. Careful attention is bestowed on the religious and moral training of the Students, who, even in the hours of recreation, are under the care of the Officers of the College.

Every Student is required to attend regularly to his religious duties.

Books, papers, periodicals, &c., are not allowed circulation in the College, without having been previously revised by the Prefect of Discipline.

All letters written by the Students, unless those to Parents or Guardians, are subject to inspection by the Prefect of Discipline. In like manner, all letters, except those known to be from Parents or Guardians, are liable to be opened, at the discretion of the Prefect.

For faults of ordinary occurrence, failure in recitations, or minor instances of misconduct, a task is sometimes imposed, as for instance, lines from some classical author, to be committed to memory or written after Class-hours. But flagrant offences, such as are detrimental to the reputation of the College, or are obstructive of the good of the pupils, are grounds for expulsion.

REGULATIONS FOR DAY-SCHOLARS.

Classes begin at 8.15 A. M., and continue until 11.10. They are resumed at 2.30 P. M., and continue till 5 o'clock.

Punctual attendance at these hours is required, and no one, after absenting himself or coming late, will be received in Class without a note from a Parent, or Guardian, countersigned by the Prefect of Schools.

Day-Scholars who do not return home at noon, will be required to prepare their lessons in the Study-Hall, at the regular hours.

They are forbidden to take out letters, or perform errands, for Boarders, without the consent of the President of the College.

Room and Attendance (for Graduates only), per annum, \$50 00

The attention of Parents and Guardians is called to the following :

All charges must be paid *half yearly in advance*, or a satisfactory bond given, with two sureties, living in the State of Massachusetts, to pay the same within *one month*. Should any defer paying them for the space of *one month* from the beginning of the Term, the President is *directed to remove* their sons or wards from the Institution. Should any pupil be removed by his Parents or Guardians, or *should he in any manner withdraw himself from the College*, before the Term expires, no deduction will be made.

No expenditure for clothing, or for other incidental expenses of the Student, or advances for pocket-money, will be made by the Institution, unless an equivalent sum be deposited with the Treasurer of the College. The books and stationery necessary for the different Classes, may be procured at the College.

Each student must be supplied with, at least, two suits for daily wear, and one for Sundays : six shirts, six pairs of stockings, six pocket-handkerchiefs, six towels, six napkins, two or three cravats, two or three pairs of shoes or boots, a pair of rubber-boots, and an overcoat or cloak.

The College will not be responsible for any article of clothing or table-furniture, or for books, left behind him by any Student of the Institution.

FOUNDATIONS, PROFESSORSHIPS.

SCHOLARSHIPS, &C.

(Extract from the College Year-Book).

“Any person, giving or bequeathing to the College of the Holy Cross the sum of Fifty Thousand Dollars towards the erection of a new building contemplated, or for the general purposes of the Institution, will receive the title of *Associate Founder of the College of the Holy Cross*, and be published as such in the yearly Catalogue of the College.

“Any one who may give or bequeath to the College a sum sufficient to construct any one of the stories of the new building proposed, will receive the title of *Distinguished Patron of the College of the Holy Cross*, and be duly published as such in the yearly Catalogue of the College.

“Any person, or persons, giving or bequeathing the sum of Twenty Thousand dollars for the purpose of establishing a Professorship in any Department, will have the privilege of giving name to such Professorship.

“Any one who may give or bequeath to the College the sum of Ten Thousand Dollars, to found a Scholarship of any Class, will have the privilege of naming the same, and of nominating its first incumbent.

“Any person who may give or bequeath to the College the sum of One Thousand Dollars, for the purpose of founding a Medal of any Class, will have the privilege of naming such Medal.”

BENEFACTORS.

The College is indebted to the Hon. G. F. Hoar and the Hon. W. W. Rice, of Worcester, Mass. ; the Hon. P. A. Collins, of Boston, Mass. ; the National Bureau of Education, the National Observatory, the Departments of the Interior and of Agriculture, at Washington, D. C., for valuable contributions to its library ; and to the Free Public Library of Worcester, Mass., for a copy of its Catalogue.

Its thanks are due especially to the relatives of the late Rev. Jeremiah McCarthy, of Greenfield, Mass., for the gift of his library, consisting of some 775 books and a number of pamphlets.

NOTE.—All devises and bequests should be made “To the Trustees of the College of the Holy Cross, Worcester, Mass.” If designed for the endowment of a Department, or of a Professorship, Scholarship, Library, or Cabinet, this purpose should be distinctly stated. If no such specific object be had in view, they should be given to the Trustees “to be applied at their discretion for the general purposes of the College.”
